

# Edison

A 21st Century Neighborhood School

Dear Parents and Guardians:

Edison values input from our families and we want to hear from you! Your feedback will provide critical information to help us improve as a school as we work to serve your child each day. By responding to the survey, you are also helping Edison's efforts to receive a positive rating on the School Performance Framework, which is a like a report card for schools. This information will help us make improvements to the school to create an environment in which all students can succeed.

These surveys are anonymous and confidential. All the responses will be summarized into a report and can be found here: <https://dpsare.com/parents-and-community/>  
The Parent and Student Satisfaction reports will be posted online in late August. You will also find the prior year's report posted as well.

To participate, please complete the survey at the link below using the student number (aka lunch number) for your eldest child at this school.

<http://dpsare.com/2018sis>

Each household should only fill out one survey for this school. If you have more than one student at the school, we ask that you think about your overall experience and answer the questions based on all of your students. If the survey does not default to your preferred language, use the dropdown menu on the first page of the survey to change it. If you cannot you're your preferred language, please contact the school office and they can ensure that you receive a survey in the correct language. **We ask that you complete this survey between April 9<sup>th</sup> through May 11<sup>th</sup>.**

We appreciate your feedback and look forward to learning from your input and sharing our results with our school community.

Sincerely,

Joan Wieser  
Principal Resident  
Edison Elementary
