

"IT'S A SMALL WORLD" Ages 3-5

The program focuses on the ever-challenging, developing needs of this age using a variety of new exciting games and activities. "It's a Small World" will have new curriculum using LEGO Smart. Campers will be involved in much more than free play. Through structured activities, children will be actively encouraged to learn, explore, and build a foundation for a bright future.

SUMMER
CAMPS**

*Theme Camps and
It's A Small
World*

- ART
- SPORTS
- NATURE
- SCIENCE
- ENRICHMENT
- TECHNOLOGY

2012 KC KIDS CAMP

KIDS - get ready for an enriching, memorable and fun summer with lots of opportunities to keep your brain sharp! With our new science and technology camps, every camper will be inspired - whether you already love science, or are just curious! Check out our extra-special programs exploring entertainment, nature, sports, technology, and more! Keep your brain from slowing down over the summer, and be excited and ready to go back to school. *KC Kids Camp curriculum is aligned with the Colorado Department of Education Standards.*

SUMMER THEMES

KC Glee Camp (GLEE) - Play theater games, design props and costumes, and participate in a modern, Hip Hop & Pop dance performance. Work on listening skills, gain confidence performing on stage, foster storytelling skills, and explore your own IMAGINATION!

Field trip: Adams Mystery Playhouse

KC Kids Denver Olympics (OLYMP)

- Let the games begin! If you like to run, jump, and play team sports this camp is for you! Get pumped for the 2012 Olympics with a wide range of activities. Join us for the Olympic Torch Relay!

Field trip: Extreme Challenge Arena

LEGO Education Camp (LEGO)

- This STEM (Science, Technology, Engineering and Math) camp will be all about machines, using LEGO gears, wheels, axels, levers and pulleys! Older students will build LEGO models with working motors and sensors and program their models using laptops. All students will work daily with LEGO kits and computer software. *Students will be using laptops throughout the week.*

Field trip: Mid Air Adventures

Mixed Media Art (MEDIA)

You will work with a variety of art tools and mediums, including photography and graphic design using laptops. Design your own comic book on the laptop; create art using paint, clay, beads, fabric and natural materials. Try a different art every day and get ready to display your personal, creative, artistic way!

Students will be using laptops throughout the week.

Field trip: Denver Art Museum

PBS KIDS Electric Company Literacy Program (ELECTRIC)

In this engaging and high-tech program you will play educational computer games, and use worksheets that strengthen math and literacy skills. We will use laptops, enjoy hands-on activities, and watch video segments. *Students will be using laptops throughout the week.*

Field trip: Splash Water Park

Project Runway (RUN)

Everyone is a winner! You'll design your very own apparel using non-traditional materials, pre-selected items, and recyclables! Have fun, and share your ideas - you are sure to start your own trend!

Field trip: Denver Aquarium

Space Reality & Fantasy (SPACE)

Space is the place to be! Discover the reality and fantasy of outer space. How many planets are there? Do aliens and Star Wars exist? Gain knowledge to unveil these secrets through hands on activities, science experiments and games.

Students will be using laptops throughout the week.

Field trip: Laser Quest

Super Duper Science & Innovative Inventions (SUPER)

You too can be an inventor! New ideas do not come from dollars, facilities, or expensive machines, they come from people! Discover the science and challenges of inventions through a variety of hands on activities. You will have the opportunity to exercise creativity and imagination, to design and build inventive new projects.

Field trip: Denver Museum of Nature & Science

Wet & Wild (WET)

Attention land lubbers: Splish-Splash - this camp is a blast! Are you going to get wet? You bet! Get off the beach and into the deep! Learn about the wonders of water.

Field trip: Pirates Cove

Where the Wild Things Are (WILD)

WELCOME TO THE JUNGLE! We've got fun and games. You'll learn to live like an animal, in the jungle where they play! WELCOME TO THE JUNGLE!

Field trip: Denver Zoo
